

## WAREHOUSING & DISTRIBUTION

### Homegrown. **Globally respected.**

Established in 1980, Megafreight has been at the forefront of the logistics industry focusing on specialised services in Importing/Exporting/Customs clearance, Warehousing and transport services.

With over 200 employees nationally we are big enough to deliver and small enough to care.

Although we think on a global scale, we are proudly South African, privately owned, and our shareholders and directors are actively involved in the day to day running of our business. With our local expertise, personalised service, innovative solutions, and strategic partnerships, we are able to bring the world to your doorstep.

Destuffing • Repacking • Quality control • Temperature control • Bar coding  
Labeling • Palletising • Screening and fumigation • Inventory management

We are equipped to handle dangerous and hazardous cargo such as **ammunition, firearms, gasses, flammable goods, radioactive materials and poisonous substances.**

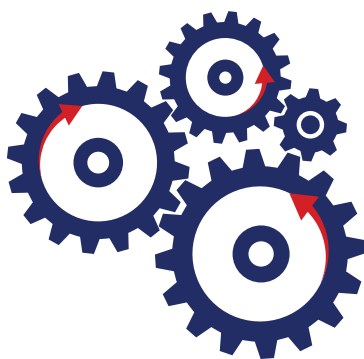

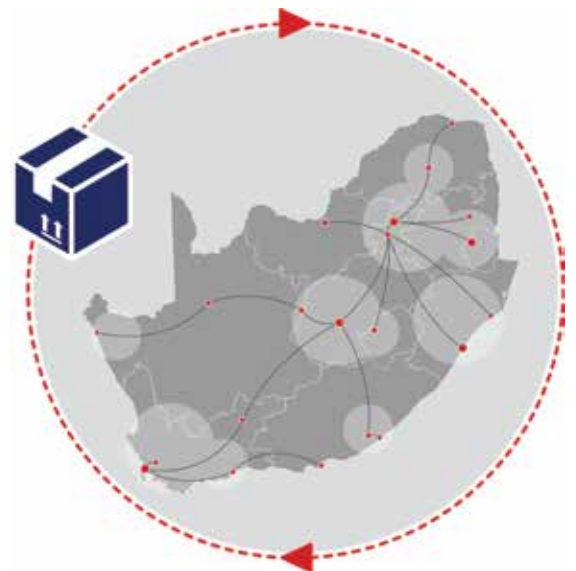

We will ensure your **specialised freight** is handled with care and delivered in accordance with your expectation.
